Twitchell Island: Setback Levee			Permitting		
Twitchell Island: West End			Planning		
Wallace Weir Modification					
Wings Landing			Permitting		
Winter Island			Permitting		
Yolo Bypass Floodplain and Salmonid Restoration			Permitting		
Yolo Flyway Farms				In 2018	

## AGENDA ITEM 3.

# Future Delta 2050-2100 – Identifying the Desired Future and Vision for Restoration and Recovery

# Sacramento-San Joaquin DELTA

# Committee Discussion

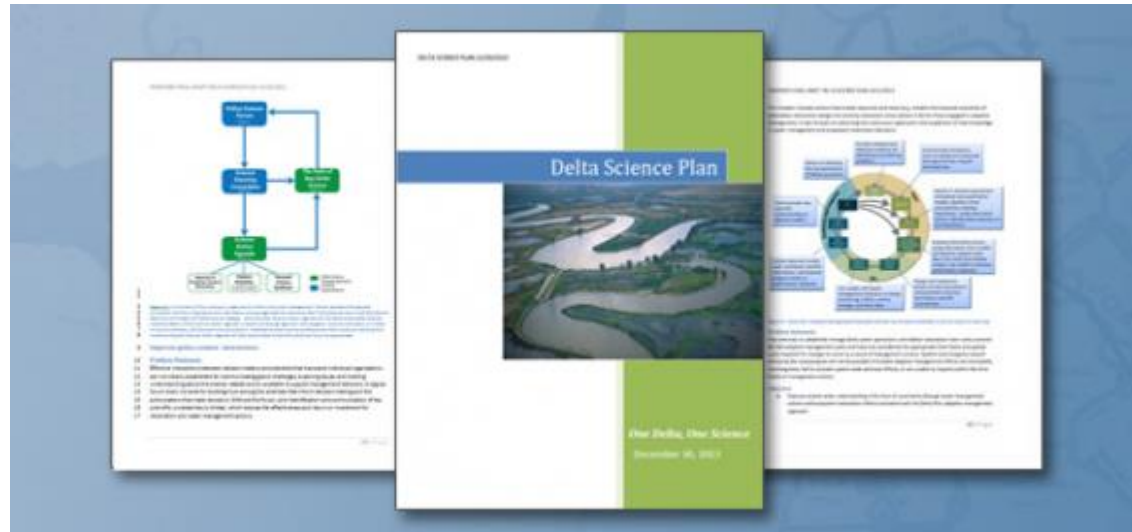

- 1) Are current approaches and requirements for Delta restoration (considering species, ecosystems, and human uses) converging toward an integrated vision of a restored Delta?
- 2) How do we build support for DPLIC agencies to work beyond what's required (e.g. what types of resources are needed)?

# Committee Request

The Committee will receive a request to endorse the Science Action Agenda.

# AGENDA ITEM 4.

## One Delta, One Science – How Do We Get There?

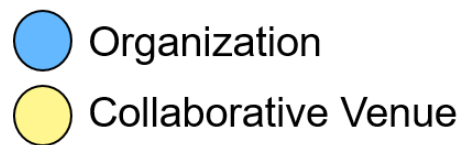

# Committee Discussion

- 1) How have you seen science governance evolve in the system and are we moving in a new direction?
- 2) How can the Delta governance structure better support the decision-making process moving forward?

*Draft Version – 4/16/2018*

- Organization
- Collaborative Venue

*Draft Version – 4/16/2018*

# Committee Request

The Committee will receive a request to form a subcommittee to explore science funding and implementation.
